

Winston's New York Office Hosts Black Excellence in Law Panel for Inner City Youth

FEBRUARY 2024

In conjunction with Black History Month, our New York office hosted youth from [The Fresh Air Fund](#)—a not-for-profit youth development organization—for a panel on Black Excellence in the Law. Our attorneys discussed the different paths individuals can pursue within the legal profession and shared stories about their own careers.

Winston is a longtime affiliate of the Fresh Air Fund—which provides free, life-changing summer experiences in the outdoors to more than 1.8 million children from New York City's underserved communities—and New York Office Managing Partner Mats Carlston has been a longstanding Board Member and advocate of the nonprofit.

We look forward to our continued partnership through pro bono service and volunteer experiences such as the [annual camp sendoff](#).
