Winston Sponsors, Kevin Goldstein Speaks at GCR Live: Cartels 2024

MAY 15, 2024

Winston & Strawn Antitrust/Competition partner Kevin Goldstein will speak on the panel “Where did the safe harbours go? Adrift in the sea of information sharing” at this year’s GCR Live: Cartels on May 15, 2024, in Washington D.C. from 11:35am-12:35pm EST. This panel will focus on recent DOJ actions revoking longstanding healthcare guidelines and how companies seeking market information should mitigate risk in light of the potential equivalence between information sharing and cartel behavior as perceived by European and other enforcers.

Winston is a proud sponsor of GCR Live: Cartels, an event focusing on bringing together experts from government enforcers, in-house counsel, and private practice, providing insights on competition law.
