

# The Kleinfelder Group Acquires Gas Transmission Systems

OCTOBER 20, 2020

Winston & Strawn LLP represented The Kleinfelder Group, Inc. (“Kleinfelder”), a San Diego, California-based engineering, design, construction management, construction materials inspection and testing, and environmental professional services firm, in the acquisition of Gas Transmission Systems, Inc. (“GTS”). Headquartered in Walnut Creek, California, GTS provides pipeline engineering, consulting, and program management services to gas utilities and pipeline operators with a focus on infrastructure integrity management and rehabilitation. The combination will further expand Kleinfelder’s energy infrastructure services and capabilities. GTS operates out of five offices throughout California, Arizona, and Georgia. Kleinfelder is a portfolio company of Wind Point Partners. The terms of the transaction were not disclosed.
