

Winston Secures Favorable Settlement for Virtualization Company in 10-Patent Case

Represented VMware in two litigations brought by Intellectual Ventures and related proceedings before the U.S. Patent Trial & Appeal Board. The cases involved ten patents allegedly directed towards cloud computing, networking and virtualization techniques. The cases were very significant, involving hundreds of VMware product offerings. The cases were pending before Judge Albright in the U.S. District Court for the Western District of Texas. The litigations settled after claim construction proceedings and after Winston filed multiple IPR challenges.
