

Xavier Gaillard and the Management Team, LBO

OCTOBER 19, 2023

Winston & Strawn advised the management team of the Milexia Group, a European leader in the sales of high-tech components, systems and scientific instrumentation, on the acquisition of a majority stake by Crédit Mutuel Equity.

In the context of this transaction, the founders wished to take a step back, strengthening the position of the operational managers in the share capital on the one hand, and allowing the arrival of a new majority shareholder, Crédit Mutuel Equity, alongside the pool of historical investors (Société Générale Capital Partenaires, Bpifrance and Isatis Capital).
