Since 1995, Winston & Strawn's Paris office has provided a wide range of transactional and litigation legal services to its clients. Our 48+ Paris attorneys are multilingual and multicultural. Many of them have gained professional experience abroad and are well-versed in managing the cultural and legal nuances often present in legal matters involving multiple jurisdictions. They

are recognized by *The Legal 500 EMEA*, *Leaders League*, *Best Lawyers*® in France, and *Palmares du Droit*.

Winston's Paris office accepts applicants to our legal internship program year-round. Our *stagiaires-avocats* receive first-rate training under the supervision of an experienced team of attorneys within a full-service office that is manageable enough in size to be accessible and welcoming. Through this program, program participants become involved in the work of a large international law firm that is recognized among the top law firms in France, in Europe, and worldwide; work with teams who excel at managing strategic and sensitive matters; develop autonomy and a sense of responsibility while benefiting from shared experiences and knowledge; and are part of an educational, stimulating, and innovative legal environment. Interested applicants should send a cover letter, resume, and any letters of recommendation to stagesparis@winston.com.

“ We consider the internship as a key step in the development of our future colleagues. Our interns are therefore an integral part of our team and are invited to participate in the life of the firm, just like our associates. ”
