Located in Lujiazui, the center of this major financial hub of China, Winston's Shanghai office consists of foreign-qualified attorneys who have studied and practiced Chinese law, and who excel at bridging the gap between Western and Chinese legal concepts as well as cultural and commercial differences.

With significant legal experience both in and outside China, our lawyers assist a broad array of multinational clients in navigating the fast-changing legal and regulatory environment across the country and are adept at translating local laws and regulations to actionable advice for international companies.

CHINESE LAW CAPABILITIES

Navigating through the country's regulatory landscape requires a trusted advisor with proven experience, cross-border expertise, and industry-specific insight. Our China practice combines Winston's global reach and capabilities, with our strategic alliance with Yuanda, one of China's leading local law firms.

In June 2020, Winston & Strawn LLP formed a strategic alliance in China with top-tier Chinese law firm, Yuanda China Law Offices. Known as YuandaWinston, the team combines first-hand knowledge of China's legal, political and regulatory environment and offers a strong bench of nearly 50 attorneys, many with prior experience in roles throughout China's judiciary, prosecutor's offices, government agencies, and in-house legal department of large corporations. The team's knowledge of China's complex legal environment helps clients navigate regulatory complexities, cross-border transactions and investigations, minimize risk and successfully engage with government agencies.
