MAY 19, 2017

Winston & Strawn hosted “The Current M&A Environment: Transactional and Litigation Perspectives.” As the third webinar in the Forum for Financial Institution Directors series, this event took place on May 19, 2017, at 1:00-2:15 p.m. (Eastern).

This program included Board of Director highlights of the current M&A environment, an update of current issues in Director and Officers (D&O) liability insurance, and cautionary observations on recent litigation developments. The panel addressed each of these topics in the context of the current regulatory changes, the economy, buy and sell side perspectives, and particular challenges for board fiduciary duties.

Speakers on the panel included Winston Partner John Schreiber.

The Forum for Financial Institution Directors offers the Director Education Series for 2017, which include four 75-minute webinars where panelists provide valuable insights and answer questions about board room deliberations at financial institutions. At the conclusion of the series, each participant will receive a Certificate of Completion, certifying the Director has participated in Continuing Director Education courses.
