WINSTON & STRAWN LLP

Open Source Risk Management

Tuesday, June 29, 2010 & Wednesday, June 30, 2010
Registration & Networking Lunch Begins at 11:30 a.m.
Program at Noon

Open source software is an attractive cost-saving tool when leveraged properly, but certain open source license structures present unique and challenging risk management issues for in-house counsel. This presentation will address open source issues and risk management strategies, including in-house open source use, receipt of open source from vendors, open source issues in M&A transactions and participating in the open source community.
