

Trade Secret Protection: Practical Advice on Protecting and Defending Your Organization's Trade Secrets

JUNE 12, 2018

Winston & Strawn's [Global Privacy & Data Security Task Force](#) presented an eLunch titled "Trade Secret Protection – Practical Advice on Protecting and Defending Your Organization's Trade Secrets" on June 12, 2018 at 12:15 p.m. (CDT).

Companies derive tremendous economic value by keeping key confidential information from competitors. With increased technological advances and employee mobility, theft of [trade secrets](#) presents a serious threat to companies.

Attorneys Steven Grimes and Ben Ostrander presented an interactive webinar focused on some of the practical ways to prevent theft of key information, investigation tips, and strategies to defend against the use of that information after a theft. The eLunch also included time for Q&A.
