

Cybersecurity from a Client's Perspective

JUNE 7, 2018

Winston & Strawn's [Latin America & Caribbean Practice](#), along with JP Morgan, presented "Cybersecurity from a Client's Perspective" on June 7, 2018 in Winston's New York office. This timely discussion focused on issues involving cybersecurity including:

- What makes cybersecurity a key issue for companies?
- How are companies responding to the threat?
- What are key components of an incident response strategy?
- What does the regulatory landscape of cybersecurity look like?
- What are the key takeaways for outside counsel regarding cybersecurity?

We were joined by Peter Marta, Assistant General Counsel for Cybersecurity Law at JPMorgan Chase & Co., and Kevin Heithaus, Vice President and Manager for the "Attack Analysis" Cybersecurity Operations team at JPMorgan Chase & Co.
