

An Innovation Transformation: Navigating the Legal Risks and Business Opportunities of Disruptive Technologies

SEPTEMBER 6, 2018

Winston & Strawn and the Berkeley Center for Law & Technology will host a cutting-edge conference on the current legal landscape of artificial intelligence, blockchain, and other emerging and disruptive technologies. This day-long event, “An Innovation Transformation: Navigating the Legal Risks and Business Opportunities of Disruptive Technologies,” will feature leading lawyers, academics, and business leaders. These speakers will explore common legal and regulatory challenges, potential solutions, and strategies for safely and successfully staying at the forefront of this rapidly developing area of law.

Panels include:

- Privacy & Data Security: Navigating the Challenges of Emerging Technologies
 - Jim Dempsey, Executive Director, Berkeley Center for Law & Technology – University of California
 - Serge Jorgensen, Founding Partner & President – Sylint Group
 - Karen Hanson Riebel, Partner – Lockridge Grindal Nauen P.L.L.P.
- Regulatory Outlook: Legal and Regulatory Implications of Blockchain and Cryptocurrencies
