

Winston eDiscovery Professionals Speak at EDI Leadership Summit

OCTOBER 10, 2018 - OCTOBER 12, 2018

John Rosenthal, chair of Winston & Strawn's eDiscovery & Information Governance Practice, and Scott Cohen, an eDiscovery managing director, spoke at [EDI's 8th Annual Leadership Summit](#). Winston also sponsored the event.

John and Scott presented "AI and the Law." During the program, they addressed:

- What is Artificial Intelligence (AI)?
- AI—Buzzword or Vital Strategy?
- AI and the Legal Profession
- The Future of AI
- Implementing an AI Strategy

John litigates complex commercial, antitrust, and false advertising cases. He also has expansive experience in all areas of electronic discovery, privacy, information governance, and data breach. Scott is responsible for all aspects of the firm's litigation support technology, electronic discovery operations, and document review center management.
