

## Winston & Strawn Highly Recommended in 2019 *LMG Life Sciences*

SEPTEMBER 25, 2019

Winston & Strawn is recognized in the 2019 edition of *LMG Life Sciences* as a “highly recommended” firm in the U.S. General Patent Litigation and Hatch-Waxman Patent Litigation (Generic) categories. Intellectual Property Partners Chuck Klein, George Lombardi, Maureen Rurka, and Stephen Smerek are highlighted as “Life Science Stars” for being recommended consistently as reputable and effective attorneys servicing the industry.

*LMG Life Sciences* highlights firms that specialize in four main practice areas within the life sciences industry. Research for the annual publication is based on interviews and surveys, as well as a review of public information and feedback from peers and clients.
