

HHS Secretary Azar Renews COVID-19 Public Health Emergency Declaration

JULY 24, 2020

On Thursday, July 23, 2020, U.S. Health and Human Services Secretary Alex Azar announced via Twitter that he had signed a renewal of the COVID-19 public health emergency declaration, which was scheduled to end this week. The declaration, available [here](#), is effective July 25, 2020, and will continue for 90 days (until October 23, 2020) unless an earlier termination date is announced.

The renewal of the public health emergency period impacts a number of temporary rules, such as requiring medical plans to cover COVID-19 diagnostic testing and related services at no cost, and providing additional time to elect and pay COBRA premiums and to submit benefit claims and appeals.
