

Kicking the Tires 1: Key Regulatory Diligence Considerations

OCTOBER 21, 2020

In the first episode in our Health Care & Life Sciences M&A Webinar Series, we discussed major areas of regulatory risk in acquiring a health care services business and the importance of the breadth and depth of different types of areas of inquiry. Discussion topics included:

- Anti-kickback risk
- Self-referral risk
- Licensure and change of ownership
- Corporate practice and fee-splitting risk

A webinar is a complimentary interactive seminar offered by Winston & Strawn LLP over the Internet. You'll watch and listen to the presentation at your own computer.
