

## Winston Adds New Certified Mental Health First Aid Responders to Its Roster

APRIL 2, 2021

Congratulations to the 36 Winston professional staff members who recently became certified Mental Health First Aid responders. Each Mental Health responder completed an interactive workshop to learn how to recognize when a colleague or community member may be dealing with a mental health or substance-use issue and connect them with helpful resources.

The following Winston professional staff members bring our roster of certified Mental Health First Aid responders to nearly 80 and play a key role in supporting our culture of health and well-being.
