

Bill Brewer Acts as Moderator During SFNet's Cross-Border Lending Summit 2021

SEPTEMBER 23, 2021

On September 23 and 30, Bill Brewer—Winston & Strawn partner and Corporate Lending Practice co-chair—moderated four panels during SFNet's Cross-Border Lending Summit 2021.

Here are a few key takeaways:

- The cross border ABL market is more than one market: Know your market when you structure and underwrite your deal
- What works for one deal may not work for another: Know your mitigant(s) before offering an ABL accommodation
- Be careful with Cash Pooling on cross border deals: Is it physical cash that you understand and have properly addressed from a legal and reporting perspective or is it something else?

Bill is the co-chair of SFNet's Cross-Border Lending Summit and Winston was the Conference Sponsor.
