

Winston & Strawn Sponsors ChIPs 2021 Virtual Global Summit

OCTOBER 27, 2021 - OCTOBER 29, 2021

Winston & Strawn was a proud Advocate sponsor of the ChIPs Global Summit, which aims to advance and connect women in technology, law, and policy. Each year, the event draws women from all over the world who hold senior-level positions and work in technology, policy, private practice, corporations, government, academia, and beyond.

Programming included cutting-edge topics at the intersection of technology, law, and policy, as well as insightful discussions about diversity and inclusion, career development, and leadership.

Partners Kathi Vidal, Danielle Williams and Kelly Hunsaker were in attendance along with Nimalka Wickramasekera who also acted as a moderator during the event.
