

Christopher T. Gresalfi

Associate

New York
+1 212-294-6852

Christopher combines his technical background in physics and vast experience in patent prosecution to now focus his practice on patent litigation in a wide variety of technical areas, including electrical, software, automotive, telecommunications, and mechanical arts. He has also litigated other IP areas, including trade secrets, trademarks, and copyrights.

Christopher has represented clients in a wide variety of phases of a variety of patent litigation proceedings, including patent infringement suits at several district courts, invalidity proceedings before the PTAB, and Section 337 investigations at the ITC. Christopher also has experience with patent prosecution, licensing, and patent portfolio analysis, as well as representing clients in litigations involving trade secret misappropriation, trademark and copyright infringement, and Computer Fraud and Abuse Act violations.

Prior to joining the firm, Christopher was an associate at an international law firm and a boutique firm specializing in intellectual property.

Key Matters

Some of the experience represented below may have been handled at a previous firm.

- Represented automaker in a patent infringement suit in the Eastern District of Texas involving voltage-controlled oscillators used in automotive radars.
- Represented petitioner in a post-grant review proceeding at the PTAB seeking to invalidate a patent related to application installation technology.
- Represented restaurant trademark holder in a dispute involving trademark ownership and trade secrets claims in the District of Connecticut.
- Represented mobile device maker in a suit involving patent infringement and breach of license claims involving speech audio encoding standard essential patents in the Southern District of New York.
- Represented TV and video game manufacturer accused of infringing several patents in a section 337 investigation at the International Trade Commission.
