

Paul Park

Advisor

Dallas
+1 214-453-6454

Paul is a technical advisor who combines his background in electrical engineering and experience with intellectual property to advise clients on patent litigation matters.

Paul has over ten years of experience in intellectual property matters, including litigation, *inter partes* review, and patent prosecution. As a former patent examiner, he is knowledgeable in patent laws and standards (MPEP) of the USPTO.

Paul has garnered knowledge in numerous technology areas, such as semiconductor technology, analog/digital circuits, computer memory, power electronics, electro-mechanical systems, vehicular technologies, consumer electronics, medical devices, and telecommunications. He is proficient in prior art search and analysis of patent and non-patent literature. He is experienced in freedom-to-operate, patent invalidity, and patentability matters. Paul is knowledgeable in U.S., foreign, and international patents, and their classification systems.

Credentials

EDUCATION

Paul received his B.S. in electrical engineering from the University of Illinois at Urbana-Champaign in 2010.
