

Devin Garrity

Associate

New York
+1 212-294-1730

Devin combines his technical background in mechanical engineering with his experience in patent litigation and prosecution matters to provide effective legal solutions for clients in a variety of sectors.

Devin focuses his practice on intellectual property litigation and has represented clients in a number of technology industries including satellite communications systems, content delivery, blockchain platforms, business methods, and medical devices. He is experienced in handling cases before U.S. district courts, the International Trade Commission, and third-party proceedings before the Patent Trial and Appeal Board.

Prior to joining the firm, Devin was an associate at a boutique intellectual property firm. He was also a judicial intern for two federal judges in the District of New Jersey.

Key Matters

Some of the experience represented below may have been handled at a previous firm.

- Represented financial services company in a patent infringement suit in the Eastern District of Texas involving banking system technology used as part of financial products

- Represented toy manufacturer accused of infringing several patents in a section 337 investigation at the International Trade Commission
- Represented petitioner in a number of *inter partes* review proceedings at the PTAB seeking to invalidate patents related to financial services processing technology
- Represented cable and streaming services provider in patent infringement lawsuits in the Western District of Texas involving patents covering web-based content management systems

Activities

Devin is a member of the New York Intellectual Property Law Association PTAB Committee.

Credentials

EDUCATION

Devin received his B.S., *cum laude*, in mechanical engineering from Northeastern University in 2017. He received his J.D. from the Fordham University School of Law in 2020, where he was the Senior Notes & Articles Editor at *Fordham IP, Media & Entertainment Law Journal*.
