

Winston New York Hosts Private Equity Bootcamp for Mid-Level and Rising Executives

APRIL 18, 2023

Winston & Strawn's New York private equity team hosted their inaugural Private Equity Bootcamp on April 18. The event was led by Corporate Partners Justin Levy and Eric Kaufman.

Several Winston partners, along with Kyle D. Binnington, Managing Principal of Vanbridge, hosted the half-day private equity seminar targeted to mid-level and new senior executives, covering a range of topics, including purchase agreements, R&W insurance, debt financing, and equityholder arrangements, followed by an evening of baseball at Yankee Stadium. More than 10 private equity firms were represented.

"The reality is that in-person training and networking opportunities for rising professionals were put on pause during the pandemic," said Justin Levy. "It was a really great day of learning, engagement, and networking, and we will definitely do it again next year."
