

## Winston & Strawn Partner Jervonne Newsome Leads Conversation with Author Helen Wan of *The Partner Track* Series

JULY 19, 2023

Winston & Strawn proudly sponsored the N.E.W. Roundtable in Dallas on July 19, 2023. The event featured a conversation between Partner Jervonne Newsome, Meyling Ly Ortiz (Toyota Motor North America), and author Helen Wan of *The Partner Track*, which was recently adapted into a Netflix series.

After watching *The Partner Track* series on Netflix, Jervonne pioneered a virtual Netflix series book club with members of N.E.W. Roundtable where the group held three virtual sessions exploring each episode and discussing the experiences women attorneys face in the legal industry. Jervonne's virtual book club idea inspired the grand finale event last Wednesday bringing together the N.E.W. Roundtable, Dallas Bar Association We Lead, and The Podium—all organizations dedicated to empowering women attorneys—for a “real talk” session with Helen Wan and more than sixty Dallas women attorneys of all backgrounds.

The event promotes the partnership between women attorney organizations to continue empowering, impacting, and influencing each other as well as the legal community.
