

Grundfos Holding A/S's Acquisition of MECO

FEBRUARY 11, 2021

Winston & Strawn LLP represented Grundfos Holding A/S, a designer, developer, manufacturer, and seller of pumps, in its acquisition of MECO, a pharmaceutical water treatment provider. The acquisition aligns closely with Grundfos' strategy to strengthen its innovative leadership within water solutions and supports the company's purpose to pioneer solutions to the world's water and climate challenges and improve the quality of life for people.
