

Jacob Ladd

Associate

Dallas

+1 214-453-6456

Jacob is an associate in Winston's Dallas office who focuses his practice on intellectual property matters.

Jacob draws on his prior experience in engineering and his degrees in chemical and nuclear engineering to advise clients on intellectual property matters involving various technologies. Prior to joining the firm, Jacob was a legal intern at the U.S. Department of Energy where he provided legal research on nuclear waste statutes.

Credentials

EDUCATION

Jacob received his B.S. in chemical engineering from Brigham Young University in 2018 and received his M.S.E. in nuclear engineering from the University of Michigan in 2020. Jacob earned his J.D. from University of Michigan Law School in 2023, where he was the managing executive editor of the *Michigan Technology Law Review*.
