

Winston & Strawn Sponsors 9th Annual Sport Resolutions Conference 2024

MAY 2, 2024

Winston & Strawn was delighted to once again sponsor the Sport Resolutions Conference 2024: Setting the Pace in Debating Integrity. The conference—which took place in person on 2nd May 2024 in London—covered major topics in sport with a panel of sport professionals and industry experts, a networking lunch, and a post-conference event.

With the Olympics just around the corner, presented as the first to achieve full gender parity, partner Mathilde Lefranc-Barthe and associate Juliette Huard Bourgois provided their legal perspective on the current legal framework and trends towards gender equality in competitive sports.

Partner Peter Crowther commented that the firm is “incredibly proud to partner with Sport Resolutions for the 8th year running and our partnership underlines the firm’s commitment to finding the best resolutions to sports disputes. As the world’s eyes turn to Paris for the Summer Olympic Games this year, Winston remains at the forefront of industry-shaping litigation in sports and continues to take up the fight alongside professional athletes and player associations in the quest for integrity in sport.”

Richard Harry, Chief Executive of Sport Resolutions said: “We are delighted that Winston & Strawn LLP is continuing its support of Sport Resolutions for the 8th consecutive year. It has been very satisfying to grow our flagship event together and we remain grateful for the on-going backing of the Winston & Strawn team. Our event has become one of the most important conferences in the sector, establishing a strong reputation for discussing important and often sensitive topics.”
