

Winston assists Milexia in Acquiring Cabcongroup

JULY 8, 2024

Winston has advised Milexia Group, a European leader in the sale of high-tech components, systems, and scientific instruments, with branches and warehouses in France, Germany, Italy, Spain, and the United Kingdom, in the acquisition of the Danish group Cabcon, which specializes in the distribution of electrical components. With this strategic acquisition, Milexia continues to expand its presence and service offerings in Europe and Asia, further reinforcing its commitment to providing high-quality, reliable, and efficient technological products and supply chain solutions across various sectors.
