

Winston represents the founding partners of EDL in a new LBO

SEPTEMBER 25, 2024

Winston & Strawn Paris is advising the founding partners of EDL in the sale of a majority stake to Dentressangle Participations.

Dentressangle Participations has entered into exclusive negotiations to acquire EDL, a European leader in software dedicated to medical imaging and diagnostic services, from Abenex.

EDL is the French leader in software solutions for medical imaging platforms in healthcare institutions. Its Xplore suite, a fully web-based and integrated solution, optimizes information sharing and enhances the efficiency of medical imaging platforms. EDL has continuously innovated, expanding its solutions beyond medical imaging to meet the growing needs of medical diagnostic services.

With the support of Dentressangle Participations, EDL, which has already doubled its revenue in three years, aims to double its size within the next five years.
