Winston & Strawn Named a Leading Firm Taking Care of the Planet in Lamp House's Annual Report

NOVEMBER 6, 2024

Winston & Strawn is proud to be recognized in Lamp House Strategy's second annual report on responsible business activity. Now part of *Chambers and Partners*, Lamp House named Winston a Leading Firm in the U.S. and ranked us a top 5 U.S. law firm in the Planet category. The firm was also recognized for having one of the largest year-over-year score increases.

Lamp House noted Winston's performance in the report:

Winston & Strawn has improved its performance across all three of our pillars, though the most notable increase has been to its Planet score . . . the firm is one of five in the U.S. that we analyzed to declare a Net Zero target, which is underpinned by the firm's Roadmap to Net Zero strategy.

To create its report, Lamp House analyzed 215 law firms in the United States, the United Kingdom, and Canada on 180+ activities related to People, Planet, and Governance, with 24 activities specifically related to Planet.

[Learn more about Winston's longstanding commitment to corporate responsibility, which encompasses respect for people, wise use of profits, and care for our planet.](#)
