

Banking and Financial Services Litigation: Trends and Developments, Implications of Major Decisions

MAY 29, 2025

Partner Elizabeth Ireland was a panelist on Strafford Publishing's webinar "Banking and Financial Services Litigation: Trends and Developments, Implications of Major Decisions."

This CLE webinar discussed significant banking and financial services decisions rendered in 2024 and the first part of 2025 and the implications of these decisions on financial institutions (FIs) trying to maintain compliance and mitigate risks under the current legal framework. The panel examined common plaintiffs' claims and theories of harm, provide guidance on proactive steps FIs should take to prepare for and defend against potential lawsuits, and look at key litigation trends and developments for 2025 and beyond.
