

## Winston Partners Co-Host IP Arbitration Panel with the Berkeley Center for Law & Technology

MAY 6, 2025

As technology continues to drive global economic growth, disputes in the tech sector are on the rise. This webinar brings together a diverse group of professionals—arbitrators, legal specialists, and international ADR leaders—to explore the evolving landscape of technology disputes and how arbitration is playing a critical role.

Watch this timely conversation on the intersection of innovation, law, and global commerce co-hosted by Winston & Strawn, the Berkeley Center for Law & Technology, and leading international arbitrators. CLE is offered at no cost.
