

Winston Represented South Reach Networks in Sale to Blue Owl

JULY 11, 2025

Winston represented Intermetro Fiber, LLC (d/b/a South Reach Networks (SRN)), a Florida-based fiber optic infrastructure provider, in its sale to a fund managed by affiliates Blue Owl Capital (Blue Owl). This acquisition will allow Blue Owl to provide incremental scale and deepen Blue Owl's existing fiber capabilities, adding major new builds across the network, and scale the business to meet the growing need for additional fiber optic network capabilities across SRN's dark and lit fiber optic infrastructure network which spans 370 miles from Jacksonville to Miami.
