

SPONSORSHIP

Winston & Strawn Sponsors Tokyo Forum on U.S. Capital, Digital Assets, and AI Innovation

OCTOBER 27, 2025, 2:00 PM – 10:30 PM GMT+9

Winston & Strawn is proud to sponsor the upcoming Beyond Borders, Beyond Markets Tokyo Forum on U.S. Capital, Digital Assets, and AI Innovation. This event brings together global investors to explore the future of finance—from IPO strategies to AI’s role in capital markets. The forum will discuss the nuances of going public in America and offer key considerations for capital access and enhanced liquidity.

Mike Blankenship, managing partner of Winston’s Houston office and co-chair of the firm’s Capital Markets Practice, will be speaking on the panel discussion, “The U.S. IPO Market.” Along with fellow panelists from Nasdaq, he will explore insights for navigating regulatory shifts and leveraging emerging technologies as global capital markets transform.
