

# Winston & Strawn Paris Expands into New Offices to Support Continued Growth

FEBRUARY 9, 2026

**PARIS—February 9, 2026**—Today, Winston & Strawn's Paris office took an important step in its ongoing development, as the office celebrates its 30th anniversary: It has relocated to new offices at 106 Boulevard Haussmann.

The Paris office continues to experience strong momentum, now bringing together more than 50 professionals, including 18 partners, across all major areas of business law. In recent years, the office has seen particularly notable growth in private equity and mid-market M&A. With a client base comprising French and international corporates and investment funds, and active involvement in strategic, high-profile matters, the firm demonstrates its ambition and sustained dynamism more than ever.

## Workspaces Designed for Collaboration and Well-Being

The new offices have been thoughtfully designed to create a stimulating and flexible work environment. They provide spaces that support both concentration and confidentiality, as well as shared areas that encourage collaboration and the flow of ideas. Additional amenities include a high-end fitness room and facilities for soft mobility users, including bicycle and scooter parking. This move underscores the firm's commitment to combining high performance with quality of life, fully aligned with the evolving nature of the modern workplace.

## A Vibrant Location at the Heart of Parisian Life

By relocating to Saint-Lazare, Winston joins one of Paris's most dynamic districts. Situated at the intersection of major business hubs, cultural centres, and flagship retail destinations, the location offers optimal accessibility, economic vitality, and a rich urban experience. Exceptional transport connections, including metro, RER, trains, and buses, ensure seamless access for both clients and team members. This new address reflects the firm's values of openness, proximity, and modernity.

Members of the firm view the new offices as a tremendous opportunity to support continued growth. The premises have been carefully chosen and designed to align with the firm's culture and to enable every team member to thrive professionally.
