

Winston & Strawn's New Miami Office Draws Headlines

MARCH 10, 2026

Winston's move to its new Miami office has drawn attention from local and industry media, including *Daily Business Review*, *South Florida Business Journal*, and more. The coverage highlights how the firm's move to the 17th and 18th floors at 200 S. Biscayne Boulevard reflects the firm's ongoing commitment to investing in its clients, its people, and the communities in which it operates.

"This buildout represents a significant investment in our Miami presence and reflects Winston's confidence in this market's trajectory," Office Managing Partner Enrique Martin told *South Florida Business Journal*. "We are committed to growing alongside this city as it continues to attract leading businesses, institutions and talent from around the world."

Since opening with six partners in 2022, the Miami office has grown to more than 40 lawyers. Enrique told *Daily Business Review* that the new space is designed to allow the integration of technology to strengthen client services offerings as well as to promote personal interaction among lawyers, clients, and other friends in the market.

"[The new office] promotes increased collaboration among colleagues. It's a welcoming space for all of our colleagues from around the world to spend time in South Florida, many of whom have significant clients here in this market, and also presents us with an opportunity to coordinate client facing events, to showcase our resources," he said. "I can't overstate the value in just demonstrating how a firm, an institution, feels about a market by just the sheer significance of the investment, which is quite evident when you see this new, remarkable office space."
