

Nyere Hollingsworth

He/Him/His
Managing Director
Endpoint Technology & Workplace Experience

Washington, DC
+1 202-282-5021

Nyere is the Managing Director for Endpoint and Workplace Experience Technologies. His team is responsible for engineering and support of end-user audio/visual and computing devices, and the workplace technology experience globally.

He is a thought leader with more than two decades of experience leading large-scale digital workplace, collaboration, and enterprise IT transformations across global organizations. Nyere is recognized for building and modernizing collaboration ecosystems that integrate with the built environment and has led complex, multi-year transformation programs to deliver measurable improvements in productivity, employee experience, and operational efficiency at organizations such as Grainger, Under Armour, and the MITRE corporation.

Nyere is a former AVIXA board member and an active industry voice publishing thought leadership and engaging the broader workplace technology community on the future of collaboration, hybrid work, and AI-enabled employee experiences.

Credentials

EDUCATION

Nyere received his B.S. in International Affairs from Georgia Institute of Technology and a M.Sc. in Technology Management from the University of Maryland Global Campus.
