

Winston Represented Greenland Energy Exploration Limited in Business Combination with Pelican Acquisition Corporation, March GL Company, and Pelican Holdco, Inc.

MARCH 25, 2026

Winston served as counsel to Greenland Exploration Limited in connection with its business combination with Pelican Acquisition Corporation, March GL Company, and Pelican Holdco, Inc., resulting in the formation of Greenland Energy Company, a publicly traded energy platform. The transaction positions Greenland Energy as a platform focused on enhancing global energy security through the responsible development of natural resources in East Greenland, including the highly prospective Jameson Land Basin, which spans over 2 million acres and is estimated to contain up to 13 billion barrels of recoverable oil.
