

Winston Included in 2016 *LMG Life Sciences*

NOVEMBER 29, 2016

Winston & Strawn is recognized in the 2016 edition of *LMG Life Sciences* as a “highly recommended” firm in the Hatch-Waxman Patent Litigation (Generic) category and a “recommended” firm in the General Patent Litigation category. *LMG Life Sciences* highlights firms that specialize in four main practice areas within the life sciences industry. Research for the annual publication is based on nearly 1,000 interviews and surveys, as well as a review of public information and feedback from clients.

Intellectual Property Partner George Lombardi is highlighted as one of the “Life Science Stars” for being recommended consistently as reputable and effective attorneys servicing the industry.
