

And WRRDA Done

THIRD QUARTER 2014

Contrary to popular belief, the 113th Congress has actually passed legislation, some of it meaningful. On June 10, 2014, the Congress at long last passed the Water Resources Reform and Development Act of 2014 ("WRRDA"). At 182 pages of lean legislative sausage, the law includes hard-fought compromises on a wide variety of issues, many of which may impact the maritime industry.
