

Winston & Strawn Recognized in *The Legal 500 Latin America 2017*

SEPTEMBER 6, 2017

Winston & Strawn is recommended by *The Legal 500 Latin America 2017* in the international arbitration category for international firms. In addition, Ricardo Ugarte was highlighted in the publication for his notable representations in the region.

The publication notes Winston's "top-notch and truly seamless client service" and the addition of the highly regarded New York-based Latin America Practice from Chadbourne & Parke, "bringing additional strength not only in international arbitration and litigation, but also significant experience in M&A, capital markets, financings, private equity and fund formation, joint ventures and corporate reorganizations, a step that is likely to see the firm grow in prominence in relation to Latin American work in general."
