

Papavizas Speaks at Offshore Alternatives 2013

MARCH 5, 2013

Winston & Strawn partner Charlie Papavizas spoke at Offshore Alternatives 2013 on March 5. This MarineLog conference examined the development of offshore renewables—wind, wave and tidal—and the opportunities that they will create for marine service vessel companies.

Mr. Papavizas moderated a panel titled “What vessels will be required to support ocean renewable energy development?”. He was joined by Christopher Barry, P.E., Chair, SNAME Technical and Research Panel EC-12, Ocean Renewable Energy; Peter J. Duclos, President, Director of Business Development, Gladding-Hearn Shipbuilding, Duclos Corp.; and Luther H. Blount, Project Engineer, Blount Boats, Inc.
