

Winston & Strawn Presents Joint Webinar with Alvarez & Marsal on Hospital-Physician Business Models and Healthcare Reform Legislation

OCTOBER 19, 2010

Winston & Strawn LLP and Alvarez & Marsal, a leading global consulting and turnaround professional services firm, hosted the third installment of our webinar series, "The New Healthcare Marketplace: Hospital-Physician Business Models and Healthcare Reform Legislation."

This webinar included:

- A review of the various business organizations between hospitals and physicians, with a focus on how their ARC (architecture, routines, and culture) reflects the control, capital, and distributions required to compete in the new healthcare marketplace.
- A strategic analysis of how various forms of hospital–physician business structures are positioned to meet the challenges and opportunities presented by healthcare reform legislation.
- A discussion of the impact that healthcare reform legislation may have on various forms of clinically integrated business organizations between hospitals and physicians, including regulatory issues, antitrust considerations, and capital financing.

Winston & Strawn former attorney was joined by Alvarez & Marsal Healthcare Industry Group managing director Lars Enstrom and director Francis LaMorte, M.D., as they hosted this informational webinar.

A webinar is a complimentary, interactive seminar where participants watch and listen to a presentation given by Winston & Strawn attorneys over the Internet.

Clients and friends of the firm are invited to attend seminars and events. We reserve the right to limit attendance at any firm event.

NOTE: CLE credit is not available for listening to our pre-recorded eLunch or webinar briefings
