

Winston Receives High Marks in 2007 Am Law Arbitration Scorecard

JUNE 21, 2007

Winston & Strawn ranked No. 5 among the top global law firms serving as arbitration counsel in *The American Lawyer's* 2007 "Arbitration Scorecard." The survey results were based on AmLaw's identification of 232 active treaty and contract arbitrations in which \$1 billion or more was in dispute during the period from January 2005 to June 2007.

The June 2007 issue of *AmLaw Focus Europe* highlighted some of these major arbitrations, including *IPOC v. OAO CT-Mobile* (Russia), *OAO Telecominvest* (Russia), and *TeliaSonera* (Sweden and Finland). In this \$1.5 billion case before the Stockholm Chamber of Commerce, Winston represented IPOC International Growth Fund in its claim of a 25 percent stake in Russian mobile phone operator MegaFon.
